INTRODUCING OHIO'S

STUDENT BASIC NEEDS TASK FORCE

COMMUNITY CAMPUS COALITION

BUILDING A STRONGER STATEWIDE APPROACH TO MEETING STUDENTS' BASIC NEEDS.

Across Ohio, colleges, community organizations, government agencies, and other partners are working to help students meet their basic needs.

But there is an opportunity to better understand what students are experiencing, connect the resources already available, identify gaps, and work together toward stronger solutions.

That's why **Community Campus Coalition** (Triple C) is bringing together a **Student Basic Needs Task Force** — a group of partners working together to better understand student basic needs across Ohio and help move the work forward.

THE FIVE KEY OUTCOMES OF THE STUDENT BASIC NEEDS TASK FORCE:

01	**Map the Landscape:** Identify existing campus, local, state, and federal resources and gaps in support for student basic needs.
02	**Identify Student Needs:** Listen to students and gather data about their experiences, challenges, and basic needs.
03	**Connect Partners:** Build stronger connections among campuses, community organizations, government agencies, and other partners.
04	**Share What Works:** Highlight promising practices and successful campus approaches that can inform and inspire others across Ohio.
05	**Advance Solutions:** Publish a statewide report with findings and policy recommendations for higher education and state government leaders.

WAYS TO GET **INVOLVED:**

- HOST A STUDENT BASIC NEEDS LISTENING SESSION
- TAKE THE TRELLIS FINANCIAL WELLNESS SURVEY
- SIGN UP FOR TRIPLE C COMMUNICATIONS
- JOIN THE STUDENT BASIC NEEDS NETWORK
